

Exciting News from Kansas!

The War Begun!

ONE MAN KILLED!

SEVENTEEN HOUSES BURNED!

St. Louis, Nov. 30th.

Exciting and highly important news from Kansas has just been received.

On Thursday November 20th, near Hickory Point, three Abolitionists, armed with Sharp's rifles, went to the claim of Mr. Coleman, and peremptorily ordered him to leave, allowing him only ten minutes in which to do so, and threatening to shoot him in case of refusal to obey. He immediately left, but shortly afterwards returned well armed. One of the three Abolitionists then attempted to shoot him, but his rifle missed fire. Coleman thereupon shot him dead and immediately gave himself up to the authorities for trial.

A mob of Abolitionists, all armed with rifles, soon gathered, and repairing to Coleman's house, drove his wife and children off to the building and burned it down, together with the houses of other pro-slavery men in that vicinity.

Deputy Marshall Jones arrested the leader of the mob, and one other person and obtained the names of twenty of the mob.

The Abolitionists are now gathering force at Leecompton, and have demanded the release of their comrades and the surrender into their hands of Coleman.

Gov. Shannon has ordered out the militia to aid the Marshal in sustaining the laws.

These proceedings have created the most intense excitement among the citizens in the border counties in Missouri, and they are repairing in large numbers to Kansas to offer their services to the Governor to aid in maintaining the laws.

Some sixteen or seventeen houses in all have been burned at Hickory Point, and several citizens in that vicinity are missing.

The Governor of Kansas issued a proclamation calling upon all law-abiding citizens in the territory to suppress the outbreak.

GREAT EXCITEMENT AT LAWRENCE AND LECOMPTON! MEN UNDER ARMS!

Independence, Mo., Nov. 30.

A messenger arrived at Shawnee Missouri last night, who states that Deputy Marshall Jones had fifty-two men with him at Leecompton. He also states that all Lawrence is up in arms, and that the men are drilling constantly, and that they had in their possession five pieces of artillery.

Outrages by the Abolitionists—Houses Burnt and Women Driven Away—The People Determined to Enforce Law and Order.

Weston, Mo., Nov. 30.

The Abolition outlaws in Douglas county have burnt a number of houses and driven a number of families, consisting of women and children, to Missouri for refuge.

The latest accounts report that the law-and-order people of the Territory are rallying in large numbers to the assistance of the Sheriff of Douglas county, in the execution of the laws. That officer has, by this time, an overwhelming force at his command.

Sheriff Jones is acting as Deputy U. S. Marshal, for Douglas and Johnson counties.

THE VERY LATEST!

THE EXCITEMENT INCREASING!

Weston, Mo., Nov. 30th, P. M.

The greatest excitement continues to exist in Kansas. The officers have been resisted by the mobocrats, and the intervention of the militia has been called for.

A secret letter from Secretary Woodson to Gen. Eastin has been written, in which the writer requests Gen. E. to call for the rifle company at Platte City, Mo., so as not to compromise Governor Shannon.

Four hundred men, from Jackson county, Mo., are now en route for Douglas county, Kansas Territory. St. Joseph and Weston, in Missouri, are requested each to furnish the same number of men. The people of Kansas are to be subjugated at all hazards.

Latter details of the Kansas War.

INDEPENDENCE, Mo., Dec. 3.

We have just received reliable intelligence from Kansas Territory, which increased the high excitement already existing here. You have been apprised of the origin of the difficulty—that of the arrest of a prisoner in the hands of the sheriff, by a party of fifteen to twenty of the citizens of Lawrence and its vicinity, and their refusal to deliver any of the parties concerned in the mob and outrages up to any of the officers of the territory unless it be the Governor, or to those of the General Government. This determination is strengthened by the course pursued by Gen. Lane, and also, by the editor of

the paper at Lawrence, and a few other men of a similar stripe, who are continually making harangues to the populace and urging them to make preparations for a fight.

On Saturday night Gen. Lane delivered a speech of this character, which was received with the greatest demonstrations of enthusiasm. Governor Shannon, seeing such a state of things existing, very properly ordered out the militia of the territory, who did not respond very cordially to his wishes. Many of the citizens of the Western border counties in Missouri, willing to aid in quelling the disturbance, offered their assistance, and are now in readiness to go to the scene of difficulty at a moment's warning. Many have already gone from Lafayette, and the adjoining counties, well prepared for the emergency.

The Governor's party were from 250 to 300 men, are at Franklin, a few miles distant, awaiting a greater force.

Reports have reached us that there are 1,000 men in Lawrence, organized and ready for resistance all armed with Sharp's rifles, and that they are entreching themselves as rapidly as they possibly can.

From another source we learn that the better men in Lawrence say that they are willing to give up all concerned. In the affair, if the legally authorized persons seek it; otherwise they will resist to desperation. Governor Shannon in response said:

"Why not deliver them to the Sheriff or to the U. S. Marshal, who have already demanded them?"

Trouble will no doubt result from it, as much excitement exists on both sides.

A meeting is now being held in Kansas to see if some measures cannot be adopted to terminate the matter peacefully if possible, but forcibly if necessary.

On Saturday Governor Shannon applied to President Pierce, by telegraph, for assistance from the U. S. troops at Fort Riley and Leavenworth, and until such aid is granted nothing will be done unless the excitement of the parties concerned will bring on the crisis before. If so, many valuable lives will be lost.

Of all that transpires further I will endeavor to keep you promptly advised.

THE VERY LATEST! LANE BIDS DEFIANCE!

Independence, Dec. 3, P. M.

There is great excitement all through this upper country, and overwhelming numbers are pouring in from every direction in the territory to sustain the laws.

Gen. Lane is entreching himself and throwing up breastworks. He is also burning beacon lights, which can be seen twenty-five miles from Lawrence, and bids defiance.

Alarm at Atchison!

LATER INTELLIGENCE FROM KANSAS, Weston, Mo. Dec. 4.

A message was received late yesterday evening from Mr. Abell, at Atchison, stating that one of the leaders of the Kansas legion had been arrested by some of the citizens, and when he found he was taken he attempted to destroy some papers he had with him chewing and swallowing them. He was, however, prevented from doing it, and upon examination the papers were discovered to contain the secrets of the "Midnight order."

Atchison was to be burned down, and Pat Laughlin, who exposed the secret Abolition organization, was to be murdered. The citizens of Atchison had mostly left that place to join Governor Thomas' forces at Leecompton, and there being scarcely any arms remaining in the place, they desired a company of armed men from Weston to help them repulse any attack that might be made by the abolitionists on the town. A company of our citizens, therefore, prepared themselves and left last night at 9 o'clock for Atchison.

State of Affairs in Russia.

A St. Petersburg correspondent of the Paris Pays gives a glowing account of the internal condition of the empire. He writes:

Russia is very sick. The most short-sighted cannot but see the evil and the precipice which deepens daily. All men feel the want of a speedy peace, but no one dares give utterance to his thoughts. It will be painful for this proud people to receive peace at the price of a province or even of one inch of ground lost.

Men and money are not the only things squeezed out of the country; there is not a village from north to south which has not been compelled to contribute carts, horses, cattle, &c.

The cattle and horses have been eaten or have died of fatigue; most of the carts have been burnt by the army in the Crimea, where there is no wood, and most of the wagons who have not died of hunger and want have been employed in different duties following the army; few of them returned to their homes.

The population of the center of the Empire are already in want of salt. On the banks of the Volga, even at Moscow wants are still more keenly felt. The Tartars and inhabitants of Little Russia, ruined by the incessant calls upon them without indemnity, have not been able to visit the salt lakes of the Crimea, or of the land of the Cossacks, for want of the means of conveyance. For the same reason the crops have not sown. Moreover, as the land owners have still on hand the grain of last year in their granaries, which they have not been able to sell, they have not cared to sow. In a word, if this state of things lasts two years more there will be a famine,

Can you take off my hand here? said a grave, tall, slab-sided Yankee to an Albany barber, feeling, at the same time, his chin with a noise like a grater; 'it's a light baird: what d'yer tax—three cents for a light baird, aint it?'

'Yes.'

'Waal, go ahead then.'

While the barber was rasping three cents worth from his chin, his sifter saw an assistant putting cologne upon a customer's hair, through a quill in the cork of a bottle.

'Look o here squire,' said the Yankee, 'can't you squirt some o' that pepper sars on my head tew? Say, can't you throw a little o' that in for the three cents?'

A Poser.—A young Jonathan took it into his head once to get a wife.

He accordingly look'd around him, and was not long in striking a bargain and settling his preliminaries. He then applied to a clergyman to perform the ceremony.

'But are you prepared for such an important change in life?' asked the reverend gentleman.

'I guess I beez,' said Jonathan, 'for I have got my land just paid for, and own a good yoke of steers and a good kiow.'

'Very well,' said the holy man, with a long breath and sober face, 'all these worldly things may be very proper in their place, to be sure—but have you ever thought of salvation?'

This was a poser, and Jonathan, musing repeated—
'Sall Vation! never heard of her— Who the thunder is she?'

CARLULE. Friend Ayer.—In this age of quacks, charlatans and mere windy gaseous pretenders to heal, who blow at every street corner, and in the face and ears all men, their loud, blaring Jericho trumpets and other noisy boisterous instruments of marvellously twisted brass, in such a woefully sham-ridden epoch as this, I say, it is comforting, nay even cheering to the earnest well wisher of his race to know there has arrived in this world a genuine Physician—to fight once more upon something besides mere Sangrados and Don Mercurial Jalaps, with their phlebotomies, poisons and warm water.

Your Cathartic Pills and Cherry Pectoral, carry us forward to Halcyon days; to millennial Pharmacopocas, when Science, deep diving down into the principles of things, shall, with infinite cunning, bring out the genuine Elixir Vitæ; for of a truth there is manifestly enough somewhat of that same Life Essence in your subtle vegetable distillations and compounds.

You realize to us the visions of those painfulest, smoke-dried Alchemists—bootless seekers—dreamers among reports and crucibles, touching the Quintessential hidden Virtue of the Universe, which should antipode distemper, and break for man the wheel of Time.

"The most confirmed cases of the most distressing diseases, oftentimes arising from indigestion. All of us, more or less, are troubled with this annoying symptom, still as it is a general thing, we do not attempt to medicate until some serious interferences. We would as a public monitor warn all our readers against the sin of neglect, and at the same time recommend to their notice Dr. Hoodland's German Bitters, the original preparation as prepared by Dr. C. M. Jackson, No. 120 Arch street, Philadelphia. We have seen cures effected through its influence."

AYER'S CATHARTIC PILLS! Pills that are Pills.

PROF. HAYES, State Chemist of Massachusetts, says they are the best of all PILLS, and are the men who testify that Doctor Hayes knows, viz:

The World's Fair of All Nations! Among the noticeable things on exhibition at the Crystal Palace, we saw a contribution of New Pills, from the Laboratory of Dr. J. C. Ayer, the author of the widely known and valued CHERRY PECTORAL. As it is against the express regulations of the Palace to admit any quack medicines, this fact shows that his remedies are not placed in that category by the authorities. Indeed, we have before known that his Pectoral was highly appreciated by scientific men, and have seen lately that his Pills are held in great estimation by those deeply learned in the healing art.—True Reformer, Mass.

WHEREVER THAT GREAT MEDICINE called H. G. FARRELL'S CELEBRATED ARABIAN LIVIN' has been introduced, it has performed the most extraordinary cures in the annals of medical history—every body who uses it once becomes its warmest friend—they not only keep it always on hand for the benefit of its timely use in cases of emergency, but recommend it to all their friends. It has been before the public for nearly ten years, and yet is daily developing new virtues; many diseases have been cured by it, for which the proprietor had never recommended it; its magical virtues spreads through the land with the speed of lightning, and many, many poor invalids who supposed their days on this earth were fast drawing to a close, have been by a persevering use of this invaluable Liniment HERALD, and now rejoice in the blessings of health, and the enjoyment of this beautiful. Read this to believe, and not to doubt. Inquire of your neighbors whom you know to have used it, and they will tell you that no medicine ever discovered possesses the half of its extraordinary healing powers. Thoroughly curing rheumatism, neuralgia, and all the other ailments of the body, it is a powerful and anyodyne properties. "The lame are made to walk." Old sores, which have rendered the subject a loathsome thing to behold, are healed. The weak and trembling, from deranged state of the nerves, by the use of this Liniment, rejoice in the recovery of their former health and strength. Many long standing affections of the liver, lungs and kidney have yielded to its use after the various remedies had failed. It is very efficacious in curing the diseases of horses and cattle, such as swellings, sprains, scalds, chills, and if used in the beginning, never fails to stop the further progress of distemper, colic, ringbone and spavin.

GREAT CURE OF RHEUMATISM.—The editors of the Richmond Republican of December 24th, 1852, says that Carter's Spanish Mixture is a good medicine.

They had a man in their press room who was afflicted with Rheumatism, who was continually complaining of misery in the back, limbs and joints—his eyes had become feverish and watery, neck swollen, throat sore, and all symptoms of Rheumatism, combined with scrofula. Two bottles of Carter's Spanish Mixture cured him, and in an editorial notice as above, they bear testimony to its wonderful effects, and say their only regret is that all suffering with disease of the blood are not aware of the existence of such medicine.

See their certificate, and notice in full around the bottle.

[Letter from Hon. John Minor Botts, of Va.] Richmond, July 9th, 1855.

Messrs. Wm. S. Beers & Co., Gents.—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of "Carter's Spanish Mixture," for that almost incurable disease, Scrofula.

Without being disposed of deeming it necessary to go into particulars of the case, I can say that the astonishing results that have been produced by the use of the medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for, of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it, in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control.

Respectfully yours,

Aug. 30. JNO. M. BOTTS.

PALPITATION OF THE HEART, Nervous Diseases, Liver Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredible short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. It contains not a particle of Mercury, Opium, or any noxious drugs; is perfectly harmless, and has cured more than five hundred cases of disease.

We can only refer the reader to the certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable.

SCOTT'S LITTLE GIANT

CORN AND COB MILL [Patented, May 16th, 1854]

THIS MILL has doubtless attained a more sudden celebrity for doing its work with rapidity and ease than any other article of labor-saving Machinery ever presented to the agricultural world. Some 4000 have already been sold the past season at Baltimore and Cincinnati alone; and so far as is known, have given satisfaction. For portability, simplicity of construction and convenience of use, the little Giant has no equal. It weighs from three to five hundred pounds, according to size, and is easily moved and used with convenience anywhere. The little Giant has received the First Premium every State Fair from Missouri to Maryland the past season, and is in the most complimentary manner.

These Mills are guaranteed against breakage or derangement, and warranted to grind feed from our corn and grist fine hominy from shelled corn, with a degree of care and convenience for Farm purposes never attained before.

Little Giant No. 2 is offered at \$40 complete, ready attaching the tank, and warranted to grind 10 bushels of feed per hour with one horse. No. 3 at \$50 will grind 20 bushels per hour with two horses. No. 4 at \$60 will grind 30 bushels per hour with three horses. No. 5 at \$75 will grind 40 bushels per hour with four horses.
